

# *“Let them come in!”*

*(from the opening of the Passover Haggadah)*

The picture below shows 25 students gathered mid-week at Shabbos House. On Friday Nights this year, over 100-130 students, crowd into this very room, with cozier table configurations, for a festive Shabbat meal together. Space is so tight, there's hardly any place. These young people want to connect Jewishly, we can't turn anyone away!
